

ORIT NEVO

Jeg har været dybt forelsket i Ridgebacks siden 1985, hvor jeg blev racens avlskoordinator i Israel. Da den

israelske Rhodesian Ridgeback-klub blev grundlagt i 1994, blev jeg formand for klubben.

Jeg er en sand RR-nørd... jeg har deltaget i næsten alle RR World Congress – og jeg havde den store ære at deltage allerede ved det andet RRWC i Danmark i 1988 og holde et oplæg der. Siden har jeg et særligt hjørne i min varme for den danske RR-verden. Jeg har talt på alle de efterfølgende World Congresses og jeg er fast underviser på den israelske kennel klubs kynologiske akademi og holder ofte seminarer om Ridgebacks, racestandarden og om bedømmelse af Ridgebacks for raceklubber og nationale kennel klubber og dommerkomiteer rundt om i verden.

Jeg har opdrættet mine Ridgebacks under kennelnavnet "Rich-Rach" siden 1992. Det er en lille kennel alle mine hunde bor hjemme, og jeg avler sjældent. Mine hunde er først og fremmest mine familiemedlemmer og først derefter udstillingshunde. Men mine hunde har klaret sig godt og jeg har ejet/opdrættet mange vindere i hele verden

I 1994 blev jeg dommer for Rhodesian Ridgeback og jeg er FCI International dommer for gruppe 4,6,7 og mange racer fra gruppe 2. Samt den israelske nationale race Canaan Dog. Jeg har fået lov til at dømme Ridgebacks i 22

lande heraf to gange i Danmark, først på en klubudstilling i 2008 og senere på RRWC udstillingen i 2016, og jeg nød hver enkelt af disse udstillinger og hunde.

Udover at være formand for den israelske Ridgeback Club har jeg haft æren af at tjene i forskellige stillinger i den Israel Kennel Club, sidst som Direktør for IKC

Jeg har fantastiske minder fra mine tidligere dommer jobs i Danmark, og jeg glæder mig til at møde jer alle igen

ORIT NEVO

Deeply in love with Ridgebacks since 1985, when I became the breed's breeding coordinator in Israel. When the Israeli Rhodesian Ridgeback club was founded in 1994, I became the chairperson of the club.

I'm a true RR geek... attended almost all of RR World Congress – had the great honor of participating at the second RRWC DK 1988 and giving a presentation there. Since then have a special corner in my heart for the Danish RR world. Since then participated at the RRWC UK, Holland, USA, Ireland, Canada and Sweden, and being a speaker at all of them; I'm a regular lecturer at the IKC cynological academy, and often give Seminars about RR, the breed standard and about judging RRs for breed clubs and National KCs judges' committees around the world. .

I breed my Ridgebacks under the kennel name "Rich-Rach" since 1992. It is a small kennel all my dogs live at home and I breed seldomly. My dogs are first of all my family members and only then show dogs. I owned/bred National Ch/Grand Champions of: Israel, USA, Italy, Croatia, Slovenia, Malta, Russia and Belorussia; International (CIB) Champions and Europe, Mediterranean, Tel-Aviv and Club winners.

In 1994 I became a judge for Rhodesian Ridgeback and I'm FCI International judge of groups 4,6,7 and many breeds from all sections of group 2. As well as the Israeli national breed Canaan Dog. I was privileged to judge Ridgebacks in 22 countries and I enjoyed each one of those shows and dogs.

I'm the RR Club Israel president and had the honor of serving in different positions at the Israel Kennel Club: the editor of the IKC Magazine; twice a member of the IKC Scientific Breeding Committee; twice a member of the IKC Education Committee. I served as IKC board member and the IKC board secretary; 2017-2018 I served as the IKC Vice-President and 2018-2020 was the IKC Executive Manager.

I have super memories from my previous judging appointments in Denmark and I'm looking forward to meet you all again
